

ID 3824 – Summer Vertical Studio (Junior)

This course is for Junior ID Undergraduate Students who have completed their first and second year ID studio courses. The course is designed to help students who are out of sequence due to study abroad, internships, or any other reason. A variety of projects are made available to students so that they can fulfill the studio requirement and build their portfolios with projects that are in line with their passions. An industry advisor will be available for each of the different projects that you can pick from. Past projects have included furniture, housewares, AR/VR related products, toys, and impact design projects.
